## New Willagee Business Embraces Community Spirit

If you're tired of waiting for deliveries, installation or tradespeople to arrive, Cam-Can & Associates can do the waiting for you. While they're waiting, they can also attend to those small jobs that it can be hard to find time for - cleaning cobwebs, pulling weeds out of the lawn, cleaning windows, sweeping the driveway or cleaning your car.

Cam-Can & Associates is an innovative business that has been created around the skills and interests of Cameron, a young man living in Willagee who has an intellectual disability.

Cameron's family heard that Willagee is one of the most community-oriented suburbs in Perth and are helping him to actively contribute to our local community. Cameron is settling into his new home well and meeting members of the community through friends, neighbours and his family.

You name it and CAM-CAN do it. You don't even have to be waiting for anything to engage the services of Cam-Can & Associates.
